*Dear Katherine, please ensure this gets into the Select Board packets for the Monday meeting. Best regards, Eric*

Dear Select Board,

Upon review of the Waxman Settlement, the Committee on Homelessness has a number of concerns. It is not clear to the Committee what the implications are of the current document on the homeless population that it represents. The Committee believes that additional consultation with the Town Manager, and other relevant committees, should take place before the Committee can support the current emergency assistance fund document. We are asking for clarification and possible adjustment on the document.

Sincerely yours,

The Committee on Homelessness
